Welcome to UNIST International Admissions

Thank you for your interest in UNIST graduate school. UNIST is located in the Korean industrial capital of Ulsan, where world-renowned industries in automotive, shipbuilding, petrochemical, and secondary cells are clustered. A special turning point for the further growth of UNIST was realized in 2012 with two important decisions: (i) the government-backed specialization plan for four science and technology universities of which UNIST will be one, and (ii) UNIST's decision to participate in the National Science Business Belt project.

UNIST welcomes students from a variety of backgrounds and recognizes that international students provide diverse perspectives and contribute to a dynamic learning atmosphere.

International admission is offered for 20 graduate school majors. Students may choose to apply for the Spring or Fall semester. The admission procedure has 2 parts. First, complete applying on-line, and second send relevant documents to UNIST by postal mail or deliver them in person.

- This booklet contains information regarding applying to graduate studies at UNIST, the categories that are relevant to making an application, and the admissions criteria

Notes about APOSTILLE Requirements For newly admitted students

Since July 14, 2007, the Republic of Korea has been part of the 1961 Hague Convention abolishing the Requirement of Legalization for Foreign Public Documents. The Convention provides for the simplified certification or public (including notarized) documents to be used in countries that have joined the convention.

The **Apostille** ensures that public documents issued in one signatory country will be recognized as valid in another signatory country.

Apostille certificates are to be submitted **within 15 days after their enrollment** at UNIST. For information regarding how to get an Apostille, please refer to the website www.hcch.net.

A. Newly admitted students from countries which are signatories to the convention must meet the following requirements:

1. Official certificates (transcripts, diplomas, etc.) should be submitted with the attachment of Apostille”.
2. All documents should be in English. Document in another language should be accompanied by a notarized English translation.

B. Admitted students from countries which are NOT signatories to the convention and do not recognize the apostille must meet the following requirements:

1. Official certificates must be legalized by a Korean consular officer in the country which issued them.
2. Applicants from these countries should submit the official certificates with the attachment of an Authentication issued by the Korean embassy or consulate.
3. All documents should be in English. Document in another language should be accompanied by a notarized English translation.
